A MARVELLOUS REMEDY

For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies Through these tiny Outlets (when rubbed on the skin) is carried to any organ or inward part Diseases of the Kidneys, Disorders of the Liver, Affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured Every housewife knows what salt passes through bone or meat of any thickness—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints that cannot be reached by other means

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of disorders of the Skin whatever form they may assume, as this Ointment No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence The invalid has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application and has thus been the means of restoring countless numbers to health

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds ulcers, glandular swellings, and indeed Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases

Bunions,	Piles	Sprains
Burns,	Rheumatism	Scalds
Chapped Hands	Ship Bites	Sore Throats
Chilblains	Skin Diseases	Stiff Joints
Fistulas	Sore Legs	Ulcers
Gout,	Sore Breasts	Venereal Sores
Lumbago	Sore Heads	Wounds of all
Mercurial Eruptions	Sore Throats	kinds
	Sores of all kinds

There is a considerable saving by taking the larger sizes.

N B Directions for the guidance of patients in every disorder are affixed to each Pot.

The Quaker's Daughter.

A TALE OF PURITAN TIMES.

BY ONE OF HER DESCENDANTS

12 mo. cloth. Price $1.25.

A more charming tale has rarely made its appearance in any country. The scene is laid in Boston, at the time of the religious persecution of the Quakers by the Puritans, and this circumstance adds very great interest to a tale which does not require any such fictitious aid, but stands on its own qualities as a popular novel. Even the readers attention, and deeply moves his sympathies, as well as enforces an admirable moral lesson

We add a paragraph from the book itself

"The world is aware that the early history of the Quakers in New England fills a page in her record which the descendants of our Puritan ancestors would gladly tear forever from the eyes of men! The time of these occurrences is yet too recent for justice to either party to be awarded.—The opposing issues of a cruel intolerance on the one hand, and the remembrance of wrong on the other, are yet too fresh in the minds of their descendants, and passions must pass away before either can regard the other with impartiality Partisan historians and others should remember that the blot is only made deeper through attempts to excuse those deeds of cruelty by false representations of their victims, and it becomes the duty of every faithful representative of those times to depict their characters with fairness, and to do justice to the motives that influenced their conduct.

"We trust that the time is not far distant when the spirit that still characterizes New England men, especially her clergy, will give place to a more enlightened feeling of Christian brotherhood! Let it be remembered that the time when Quakers were alone against abuses that the now broad day of the majority, and if their sacrifices are not disappearing from our sight,

GREAT American and Foreign Office,

FOR

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U S PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St., BOSTON

IMPORTANT INFORMATION TO INVENTORS.—The subscriber (late Agent of the U S Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him THIRTY DOLLARS (instead of *twenty as paid back by others*) will be remitted by him in case of failure to obtain a patent and the withdrawal, through him, within thirty days after the rejection

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional services so moderate—the immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications, and other decisions relative to patents, not to be decided by inexperienced attorneys or legal and mechanical workmen, full accounts of patents granted in the various States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary in the procurement of patents in this and foreign countries prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors

Copies of the claims of any patent furnished for *one dollar* Assignments recorded at Washington Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability

R. H EDDY *Solicitor of Patents.*

TESTIMONIALS

"During the time I occupied the office of Commissioner of Patents, R H EDDY Esq., of Boston, did business at the Patent Office as a solicitor for procuring Patents. There were few, if any, persons attending in that capacity, who had so much business before the Patent Office and there were gone who conducted it with more skill fidelity and success I regard Mr. EDDY as one of the most honorable and meritorious Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their application in a form to obtain for them an early and favorable consideration at the Patent Office. EDMUND BURKE,

Late Commissioner of Patents."

We commence to-day, the following powerful article from the pen of Henry Ward Beecher, upon the Kansas question It comprises a graphic and stirring history of the controversy now pending between Freedom and Slavery—and should be read by every man who desires conscientiously to know and to do his duty as a citizen of this Republic. We are satisfied that the space which the article occupies could not be better appropriated.

Defense of Kansas.

BY HENRY WARD BEECHER

A battle is to be fought If we are wise it will be bloodless If we listen to the pusillanimous counsels of men who have never shown one throb of sympathy for liberty, we shall have blood to the horses' bridles If we are firm and prompt to obvious duty, if we stand by the men of Kansas and give them all the help that they need, the flame of war will be quenched before it bursts forth, and both they of the West, and we of the East, shall, after some angry mutterings, rest down in peace. But if our ears are poisoned by the advice of men who never rebuke violence on the side of power, and never fail to inveigh against the self-defense of wronged liberty, we shall invite aggression and civil war. And let us know assuredly that civil war will not burst forth in Kansas without spreading. Now, if bold wisdom prevails, the conflict will be settled afar off in Kansas, and without blows or blood But timidity and indifference will bring down blows there which will not only echo in our houses, hitherward, but will, by and by, lay the foundation for an armed struggle between the whole North and South. Shall we let the spark kindle? or shall we quench it now? But, that the intelligent citizens may the better judge, let the facts of this case be reviewed

At the adoption of our constitution a system of slavery, thought to be then declining, and that would be ejected by the *vis medicatrix* of the spirit of liberty among the people and in their institutions, received unexpected vigor and growth from various commercial and political reasons, and from being a mere pecant humor in the blood, it has well nigh come to be the blood itself of this great government? So that with an outward form of freedom, with laws and institutions bearing the civil aspect of liberty, the veins of this government are filled with black blood, and the heart and every artery beat with the fatal current of slavery.

In 1819 slavery demanded a portion of free territory It was refused The fierce battle that followed was not fought out to the end as it should have been The compromise of 1820,—like every compromise since, and like all compromises since the world began, between unscrupulous Power and timid Liberty,—was but a device of Slavery for taking breath The peace always promised for such concession is a peace for separating damages for forging arms, and for arraying new influences and implements. Liberty was bribed to yield a noble province to the devastations of Slavery with the solemn guarantee that no slavery should ever touch the soil north of a given line, *that*, by the moral pledge of the whole South, expressed through a legislative act, was made inviolate to freedom It was a treacherous pact It was hollow from the beginning While the territory concerned lay far beyond the reach of emigration, while it was a hunter's wilderness it was not molested. The moment that the growth of our country brought our population to the borders of this territory, and it was soon to be settled, Slavery, without an appeal to the people, without the suspicion of the coming up of such a question in Congress, by a *coup d'etat* annulled this agreement for liberty and declared Kansas and Nebraska alike open to all settlers, and that their institutions should be determined for freedom or slavery by the will of their actual settlers

The feet of freedom are nimble The feet of slavery, shod with iron fetters, are more slowly A thousand free settlers will move with all the utensils to a region before a hundred men with the torpid foot of slavery can move or start.

Liberty is so rich that it is apt to ferment Slavery but a sink of selfishness, and is not embarrassed by conflicting interests. Liberty, breeding innumerable industries and stirring within men life and independence, is full of visions and strifes Slavery cannot differ It is thin, gaunt, compact, tenacious In productive organizing force, Liberty is mighty in council and concert she is weak. In creative force slavery is imbecile, but in ambition and in counsel a unit and efficient

If the South were to attempt to cope with the North, on the field of Kansas by simple emigration, by taking possession of the land for industry they would be defeated before they began This was apparent. The only hope lay in violence Violence was tried. At the bidding of an unscrupulous man, hordes of wild and indolent fellows that hang about the towns and cities of slave States, a gigantic vermin, rushed into Kansas, crushed the free and actual settlers at the polls, and by a wholesale fraud not even denied or disguised, reared up a legislature whose office it was to forge laws for the benefit of slavery and for the extinction of liberty. And well they performed their work.

Consider this wrong, O ye freemen of the North! This was the territory given to freedom by the God who made it, by the institutions and spirit of the country which owned it, by the desires of the North, and by the most solemn agreements of the South

When the day came for freedom to take it, the South broke down its treacherous promises, opened the gates and let forth its children to enter the race against liberty yet solemnly declaring that the one which took possession first should hold and control it. Free settlers took it. Slavery lagged behind and lost it.

Seeing itself defeated in this nefarious scheme, the South, treacherous again, poured armed men across her border to plant by violence a legislature there, and the coerced and fraudulent legislature dared to legalize slavery, to defend it against even discussion by binding a law around every free throat like a halter Lest it be thought that we exaggerate, we give two sections of the laws of this pseudo-legislature.

"Sec 11 If any person print, write, introduce into, publish or circulate, or cause to be brought into, printed, written, published or circulated, or shall knowingly aid or assist in bringing into, printing, publishing or circulating, within this Territory, any book, paper, pamphlet, magazine, handbill, or circular, containing any statements, arguments, opinions, sentiment, doctrine, advice, or innuendo, calculated to produce a disorderly, dangerous or rebellious disaffection among the slaves in this Territory, or to induce such slaves to escape from the service of their masters, or to resist their authority, he shall be guilty of felony, and be punished by imprisonment at hard labor for a term not less than five years.

"Sec 12 If any free person, by speaking or writing, assert or maintain that persons have not the right to hold slaves in this Territory, or shall introduce into this Territory, print, publish, write, circulate, or cause to be introduced into this Territory, written, printed, published or circulated in this Territory, any book, paper, magazine, pamphlet, or circular, containing any denial of the right of persons to hold slaves in this Territory, such person shall be deemed guilty of felony, and punished by imprisonment at hard labor for a term of not less than two years

It was to such laws that armed scoundrels of Missouri swore that the free settlers of Kansas should submit. Northern men, taught to think, to read, to discuss, to make the commerce of opinions free as the air that surrounded them, though in an immense majority, were required by a pitiful crew of wretches thrust over the border of the State for a mere purpose of violence, to accept these laws that outrage every institution of the land, and every historic antecedent of our country, or be put down and shot It was thought perhaps that these sturdy settlers could be made to throw up the indigested milk of liberty as easily as they do who disgrace New England in the chief places of government at Washington. But the men of Kansas were men of stomach They had digested every crumb of liberty. It had gone into their blood and bones. It had fashioned their heart and conscience. It had made men and Christians of them

When the ill-gathered rabble drew near to Lawrence, threatening to raze it to the ground unless they would yield up every sentiment of honor and fall down before Satan and worship him, the men of Lawrence raised their defenses, took their arms, determined to beat off violence by force.

That courage saved them The rifle brought peace. Had they been unarmed, had they been pusillanimous, had they had such Christians as infest the North, who justify arms for tyrants but inveigh against self-defense on the side of freedom we should have had a monstrous tragedy of violence and blood

The storm was held back but not dispersed. The same men are still in Kansas face to face. The same ruthless assault from the South will be renewed. The same manly breasts will meet the war. Already we hear the muttering in the clouds of those thunder-voices which will yet roll over the prairies and reverberate along the Alleghanies There is but a little time, but what little may save us from civil war! It is a spark now. A foot may tread it out. But if it kindles, it will sweep the prairies in sheets of flame The foot that should tread it out was bred among the New Hampshire hills But the shadow of the Government, black as midnight, falls upon Free State men, its lurid smile is with the aggressor—When God stood among the oppressed Egypt was dark and Goshen was light. In our day, Rulers cast the blaze of full favor upon Egypt and the scorn and blackness of their wrath upon the land of Goshen!

Who then are these armed men that already confront each other, and between whom this whole land is called to decide? How have they come into this Territory, and what are their errands? On the one side are the representatives of civilization, on the other of barbarism On the one side stand men of liberty, Christianity, industry, arts, and of universal prosperity, on the other are the waste and refuse materials of a worn-out Slave State population—men whose ideas of society and civilization are comprised in the terms, a rifle, a horse, a hound, a slave, tobacco and whiskey; beyond these there is nothing but an annual uproarious camp-meeting, where they get just enough religion to enable them to find out that the Bible justifies all this immeasurable vices and wrongs of slavery. The Free State men come hither with books, with newspapers, with free Schools, with Lyceums, with churches and the whole retinue of beneficent institutions of Christian civilization.

To be Concluded.

National Republican Convention.

[PROCEEDINGS OF SATURDAY.]

A long letter from Cassius M. Clay, sympathizing with the objects of the Convention, was read.

Hon. George W Julian, of Indiana, now reported from the Committee on National Organization that the different interests were compromised, and recommended:

First—the appointment of a National Executive Committee

Second—To authorize the National Executive Committee to add to its number.

Third To hold a Convention at Harrisburg, on Tuesday, June 17. This was afterwards changed to Philadelphia on the same day

The report was accepted, and after debate, *Philadelphia was unanimously substituted.*

NATIONAL EXECUTIVE COMMITTEE.

The following National Executive Committee was appointed unanimously, in accordance with the recommendations of the Organization Committee:

New York—Hon Edwin D Morgan, Chairman
Maine—Abner R Hallowell Bangor
New Hampshire—George G Fogg
Massachusetts—Nathaniel P Banks, Jr
Connecticut—John M. Niles
Rhode Island—Wm Chace, Jr, Providence
New Jersey—C M K Paulison Passaic
Delaware—To be filled hereafter
Pennsylvania—David Wilmot Towanda
Missouri—F P Blair Jr, St Louis
Kentucky—Rev John G Fee
Iowa—A. J. Stephens, Des Moines
Ohio—A P Stone, Columbus
Indiana—Wm. Grose, New Castle
Illinois—E. T. Leland, Ottawa
Michigan—Charles Dickey, Marshall
Wisconsin—Wyman Spooner, Elkhorn
Virginia—To be filled hereafter
District of Columbia—Lewis Clephane
Maryland—Francis P. Blair

On motion of Mr. Wood, of Kansas, Kansas was added, and Gen Robinson was elected

The report further recommended that the National Executive Committee be authorized to add to their number one member from each State, not represented, and to fill vacancies; also the holding of the National Convention for the nomination of President and Vice President at Philadelphia, on the 17th of June, to consist of delegates from each State double the number of their representation in Congress, and that the Republicans of each State be recommended to complete their organization at the earliest moment, by the appointment of State and County Committees, and the formation of clubs in every town and township throughout the land.

The President announced the arrival of the committee from the Monongahela House with an address and resolutions.

Uproarious cheering followed this announcement.

Hon Abijah Mann, Jr, of New York, chairman of the committee, appeared and announced that the committee had closed its labors, and an address had been adopted, which he was to present to the Convention. He desired to say that it was carefully prepared, and took a broad, enlarged and comprehensive view of the subjects confided to the committee. Its great fault, he said, was, perhaps, its length, but yet gentlemen would say when it came to be read, that it contains matter in every point of view important to the American people.

Mr Mann desired to say, as a citizen of the Republic, that if the Administration at Washington, in attempting to assume and exercise the authority declared by the President's proclamation, should spill one drop of human blood, it was his deliberate conviction that the act would end human slavery, not only in this country, but in every country on earth. (Immense applause—cries of "Read, read")

The address was then read by Mr Dennison, of Ohio. It occupied an hour and a half in the reading, and was devoted to a discussion of the relations of slavery to the general government. It declares, in the first place, the fixed and unalterable devotion of [illegible] can party to the Constitution [illegible] States and to the next [illegible] to protect and defend [illegible] against all its enemies, [illegible] a feeling and all local [illegible] After these declarations [illegible] viction that the Government of the United States is not administered in accordance with the Constitution, nor for the good of the Union, but that its powers are systematically wielded for the promotion and extension of slavery, in flagrant disregard of the welfare of the country and the sentiments of the American people Such a course of policy if not arrested, must subvert the Union in the affections of the country and lead to the most direful evils — While the slaveholders do not number one-fiftieth of the white population of the United States, they already wield all the powers and functions of the Government for their own benefit

The address proceeds to rehearse the history of Federal legislation for the last twenty-five years, for the purpose of tracing the steady progress of slavery toward the ascendency it has now achieved. It notes especially the declaration made on behalf of the Federal Government, in its diplomatic correspondence, during the negotiations for the annexation of Texas, that slavery was a political institution essential to the well being of the States in which it exists, and as such to be protected by the Federal Government. It narrates the circumstances attending the enactment of the Missouri Compromise, the admission of California, the organization of governments for New Mexico and Utah, the passage of the Nebraska bill, and the outrages which have been perpetrated upon the people of Kansas, by invaders armed for the purpose of establishing slavery there against the will of the people and sustained in that endeavor by the Federal Government. It discusses somewhat fully the Constitutional question connected with the subject, asserting the full power of Congress to prohibit slavery from the Territories, and exposing the various sophistries by which these violations of good faith and of the Constitution have been justified — It declares that the solemn recognition by the President and his Cabinet, of the usurping Legislature of Kansas, and their determination to enforce its edicts by the Federal troops, is a far grosser outrage upon popular rights than were the alien and sedition laws, and invokes the action of the people, under a profound conviction of impending danger It asks them to send delegates to a Convention to meet at Philadelphia on the 17th of June, to nominate candidates for President and Vice President—to surrender all personal preferences, and to come resolved to take such action as will advance the sentiments herein avowed, and thus secure the blessings of liberty to ourselves and our posterity.

The reading of the address was frequently interrupted with loud applause. It is understood that it will not be published until the proof sheets can be submitted to the author, as it was read from the original draft, which was hastily written and abounds in erasures and interlineations It will probably first appear in New York or Albany.

The following declaration was then read, and unanimously adopted

We do therefore declare to the people of the United States, as the objects for which we unite in political action

First—We demand and shall attempt to secure the repeal of all laws which allow of the introduction of slavery into territories once consecrated to freedom, and will resist, by every constitutional means, the existence of slavery in any of the territories of the United States.

Second—We will support, by every lawful means, our brethren in Kansas, in their constitutional and manly resistance to the usurped authority of their lawless invaders, and will give the full weight of our political power in favor of the immediate admission of Kansas to the Union, as a free, sovereign, independent State

Third—Believing that the present National Administration has shown itself to be weak and faithless, and that its continuance in power is identified with the progress of the slave power to National supremacy, with exclusion of freedom from the Territories, and with increasing civil discord, it is a leading purpose of our organization to resist and overthrow it

Mr Francis P. Blair, of Maryland, presented a southern address in behalf of his constituents in Maryland

After the usual vote of thanks to the officers, the Convention adjourned *sine die*, after a most harmonious session.

In speaking of this Convention, Horace Greeley says

The fact that, in the dead of an inclement winter, when no nomination was to be made and no dispensing of patronage to be propitiated, *every Free State, eight of the Slave States, and the most important of the Territories*, were represented in a preliminary convention of the Republican party, is in itself a sweeping answer to the miserable babble which stigmatizes our objects as sectional and our organization as a sectional party The fact that Francis P Blair, Gen Jackson's old confidant and mouthpiece, now an independent planter in Maryland, was delegated to and presided over this convention is one of no ordinary significance The paper he read, from a portion of his constituents speaks the sentiments of a very numerous and most respectable portion of the Southern people—that portion which still clinging to the faith of Washington, Jefferson, Madison and Clay, regards Slavery as an evil, not to be immediately abolished, but at the same time not to be voluntarily extended. The naked fact that citizens of several Slave States chose to attend this Convention—as volunteers, if you please—and place their names on its roll of delegates will pave the way for a freer proclamation of the long repressed anti-Slavery sentiment of the South.

Here let me say that in the few remarks I yesterday submitted to the Convention, and which were somewhat misapprehended by both speakers and reporters, I urged moderation in speech and in action In order to convince our Southern fellow-citizens that we are animated by no ill will towards the South—that we desire, not her injury nor humiliation by any means, but her deliverance from a fearful incubus, and her rapid advancement in all the arts of civilization and peace If the Southern people fairly understand us, I am sure we should have a strong if not the strongest party in every Slave State. Let us endeavor so to act as at least to offer no impediment to the formation and growth of such a party

SERIOUS AFFRAY. Last evening between 6 and 7 o clock, James Gilligan, an Irishman, was stabbed by another Irishmen named Richard Nally, and seriously if not fatally injured. It seems that one of two persons were drunk, near the foot of Union street, and their comrades were attempting to get them home, when a skirmish ensued Gilligan and a few others who were near came forward to separate them, and a scuffle took place, during which several of the party were thrown down While Gilligan was down Nally drew a clasp knife and stabbed him twice in the side and bowels. He also stabbed Patrick Lunes in his hand. His brother, Wm. Nally, was in the row, and used an axe but did no serious injury. A few weeks since Nally lost some liquor from his cellar and it is supposed that he mistook Gilligan for another person who he alleged stole it, who was also on the ground, and took that opportunity to carry out a previous threat. Gilligan is a sailor, about 21 years old, and is represented as being a respectable, quiet young man.—Drs Brown and Seavey were called and the wounds dressed, but it is thought he cannot recover. The two Nallys were arrested and committed to the watch house.

The Concert advertised for the benefit of Mrs. Mallet, is postponed to next Monday evening, at the City Hall.

LEGISLATURE OF MAINE.

MONDAY, Feb. 25.

SENATE. On motion of Mr Farley,

Ordered, That so much of the Governor's Message as relates to the necessity of making further provision for the keeping of the moneys of the State, and the communication of the State Treasurer under date of the 11th inst. relating to the expenditure of the contingent fund of the Treasurer, together with the report of the committee on the Accounts of the Commissioner of the Treasury for the last year, be referred to a joint select committee, of three on the part of the Senate, with such as the House may join, whose duty it shall be to consider and report whether any, and what further legislation is required for the better security of the moneys of the State and the regulation of its accounts, with instructions to report by bill or otherwise

Messrs. Farley, Barnes and Robinson were appointed the committee on the part of the Senate.

Mr Robinson availed himself of the opportunity to inquire of the Chairman of the Judiciary Committee, which had under consideration that part of the Governor's Message relating to the manufacture and sale intoxicating liquors, at what time the committee would probably report.

Mr. Barnes replied, that the enquiry was an exceedingly proper one. The committee were at this time actively and diligently engaged in their investigations and deliberations on the subject referred to, and would, no doubt, report as soon as they should bring their inquiries to a conclusion suitable to be presented.

Passed to be engrossed.—Two resolves in favor of the Insane Hospital (for fire engine and aqueduct) In addition to an act authorizing the inhabitants of the first School District in Bucksport to accept a bequest made by Joseph R. Folsom, an act to incorporate the town of Orient.

HOUSE. In the absence of the Speaker, Mr Foster of East Machias, was chosen Speaker *pro tempore.*

Mr. Irish of Union, by leave laid a bill upon the table for the suppression of intemperance, which he explained to be the same as presented the other day, with some alterations and the addition of two sections

Mr. Hardy of Gouldsborough, by leave, laid a resolve upon the table authorizing the Land Agent to convey Mark Island to the United States

Mr. Irish moved to take up the bill for the suppression of intemperance

Mr Dennett moved to refer the same to the Judiciary Committee, and after a lively debate, the yeas and nays having been ordered on motion of Mr. Irish, the bill was so referred, yeas 68, nays 52.

Passed to be engrossed —Bill additional to act to incorporate Penobscot Log Driving Company.

An amusing story is told of a scene in Court on Friday An old Quaker gentleman, named Levi Coffin, was standing in the audience, when a policeman rushed up to him and said "take off your hat" "What harm is my hat doing," said the Friend "I command you to take it off," replied the officer "I intend no disrespect, but it is the custom of our people not to make obeisance to men, said the Friend, "and I have stood before the President of the United States uncovered—our people are allowed to stand thus before kings—but thou any?" "I have authority," said the policeman "Well, friend," was the quiet response, "if thou hast authority, thou must take it off, and the Quaker resumed a conversation, sotto voce, with a Friend The officer snatched off the offending hat, and holding it in his hand, offered it to the Quaker, but the latter would not take it. For several minutes the officer, looking like a fool held out the hat, and then walking back amid the tittering of those who stood about, set it on the bench. The Quaker, unmoved, chatted with his friend. An altercation arose among the police relative to the affair, and one or two who had more sense, and knew the rights of Friends, objected to the assault One finally brought the hat to Levi, and offered it to him, saying it would be stolen "I did not place it there, said the Friend The officer finally placed the hat on his head, and walked away In a moment after, Calvert flourished his big stick, and hallowed, "take off your hat" The policeman again rushed to Levi, and said: "I command you to take off your hat" "What harm is my hat doing? again queried the Friend The officer asserted his authority and snatching off the hat, walked off to the bench, but again some wiser or more gentlemanly deputy, took the hat and reproving the snatcher, placed it on the Friend's head, where it remained until Court adjourned. The fellow who committed the outrage muttered something about knowing friend Levi, and his being an Abolitionist

ARRIVAL OF THE

AT NEW YORK.

New York, Feb. 27.

The steamer Illinois arrived here to-day, from Aspinwall, with the California mail of the 5th—1100 passengers, and $1,140,000 in treasure.

The Illinois connected at the Isthmus with the steamer Golden Age, which arrived at Panama on the 19th.

The passengers of the Illinois on her outward trip left Panama for San Francisco on the 20th, in the John L. Stephens.

The steamer Philadelphia left Aspinwall on the 19th for Havana.

The news is unimportant.

The commercial markets are dull, but show signs of improvement.

Sobrognades Gallego flour 15; butter 34@; lard 17; crushed sugar 11½; linseed oil 130; turpentine 75.

Revolutionary parties are forming in Nicaragua against Walker, and Costa Rica is sending a force against him.

There are no later dates from South America.

An explosion occurred aboard the steamer Sacramento, killing 30 persons and badly injuring the boat. Many others were slightly injured. The only names given of the passengers are Napoleon Hytes, a pilot; Alonzo Tuttle, clerk, and E. Sheets, mate.

Gen. Wool has returned to San Francisco.

The business portion of San Andres has been burned. Loss $40,000.

The Senate of California has passed a resolution declaring it inexpedient to elect a United States Senator during the present session.

The Limefour claim has been confirmed by the United States Land Commissioner. The claim covers 15,000 acres of land in and near San Francisco, estimated to be worth $6,000,000. The case will be carried to the Supreme Court.

Dates from Oregon are to the 26th of January. No more fighting. The Governor had called for five more volunteer companies.

The Panama Star mentions the report that the French frigate Ambuscade is on her way to Nicaragua to inquire into Walker's treatment of French subjects.

Congressional.

WASHINGTON, Feb. 27.

SENATE.—Mr. Wheeler, from the military committee, reported a bill to increase the efficiency of the army according to the recommendations of the President in his message to the House yesterday.

Mr. Foster, from the judiciary committee, submitted a report on the Trumbull case, stating that the subject had been fully discussed, but the diversity of opinion among the members of the committee was such as to render it impossible to bring the matter back to the Senate. The committee asked to be discharged from the further consideration of the subject.

Agreed to.

Mr. Pugh gave notice of a resolution declaring that Mr. Trumbull was not entitled to the seat.

Mr. Crittenden gave notice of a resolution that Mr. Trumbull was elected a Senator for a term of six years, commencing the 4th of March, 1855.

The resolution was made the special assignment for Monday next.

The Senate confirmed the following appointments submitted by the President:

Louis D. Parsons of New Hampshire, as Consul to Point-a-Petre, in the island of Guadaloupe. Robert G. Scott, Jr., of Va., as Consul to Rio Janeiro, and H. G. S. Key as Navy Agent at Baltimore.

A bill regarding fortifications in California, Texas, and Florida was discussed and recommitted to the military committee, with instructions to report such new works as may be necessary.

The appropriation bills for the payment of revolutionary and other pensions was passed. Adj.

HOUSE.—Mr. Campbell of Ohio, from the committee of ways and means, reported the Indian appropriation bill.

Mr. Dunn, from the committee on territories reported a bill authorizing the people of Oregon to form a State government.

Mr. Brown, chairman of the same committee, reported a bill annulling the legislative acts of the Assembly of Kansas, which require certain oaths, including one to support the fugitive law, to be taken by the public officers of that territory.

The discussion on referring the message of the President recommending the appropriation of $3,000,000 to increase the efficiency of the army, was resumed.

Mr. Quitman said there was nothing in the message ominous of war, as had been stated, though in his message there was a possibility if not probability of war. England could not engage in a war with this country without compromising her kingdom, three millions of subjects being dependent on one only of our products—cotton.

Mr. Faulkner did not regard the message as unwise, but simply as suggesting a reversal of the past unwise policy regarding the manufacture of arms at arsenals. He thought Humphrey Marshall had excited unnecessary alarm, yesterday, by throwing out the idea of warlike intentions contained in the message. He apprehended that when the administration determines on war it will be at once openly, announcing the fact and acting on that, so on other subjects—boldly and fearlessly.

Humphrey Marshall contended that from the face of the message he was satisfied it boded war, that the President looked to war. He did not want to see the Executive Bluebeard about the subject of sounding the note of alarm, as preparing for a conflict, unless questions have arisen forbidding such conduct. If necessary, he (Marshall) would not hesitate to vote for supplies for the defence of the honor of the country, when the application comes in a proper manner.

The message was referred to the Military Committee. Adjourned.

MORE "BORDER RUFFIANISM."—Some few weeks since forcible possession was taken of the mail office in this city, and a keeper was put into the house occupied by Mr. Norton, the old failor, but he did not remain there long. He was ordered out of the house on the next morning after he had been placed there, and has left the premises since that time. Mr. Norton has been in peaceable possession of the premises until yesterday, when a gang of men broke open the door of his dwelling house and removed his furniture from the house.

This proceeding, it is said, took place at the instance of Gov. Wells, who has been in the city for a few days past.

We have always supposed that the law prescribed a way of getting a man out of a dwelling house, somewhat different from this, even admitting that he holds possession of it wrongfully. We have always supposed that a man's family—his wife and children—and his household furniture could not be thus unceremoniously thrust out of doors without some legal process in such cases made and provided. But perhaps we have been mistaken, for, last night his Excellency, Governor Wells, been a Judge of the Supreme Court, and must be not know the law? But still, this summary process of turning a man's family out of house and home in the dead of winter, is somewhat at variance with the valiant, old fashioned idea, that a "man's house is his castle," in the possession of which he is not to be disturbed, except by legal process, and in accordance with the provisions of law, even when he holds that possession against the rightful owner.—*Portland Adv.*

Holloway's Pills have again triumphed over every other Medicine. Interesting Case. Emily Watson, aged 17, of Walnut street, Cincinnati, suffered much and often from sick headaches, resulting in the highest excess of the wholesome, had only symptoms which very much alarmed her fond parents. The actual cause and nature of the complaint puzzled every one, it bore such a variety of features, and consequently three weeks of valuable time was lost in consultation of physicians on the subject. These medicine soon the application of Holloway's Pills, which in a few weeks worked their part, for as six weeks the young lady was in possession of the most robust health, and cheerfulness had failed. They are after exercise, an excellent remedy for young ladies entering into womanhood.

DOCTOR HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY
Dr. C. M. JACKSON, Philad'a, Pa.,
WILL EFFECTUALLY CURE
Liver Complaint, Dyspepsia, Jaundice,
Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach,

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choaking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c. Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia," or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch-st., Philadelphia, Pa.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 16, 1853, says, "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters," I was induced to try them in her case, and sent to your store and purchased *one bottle.* She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK, Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable,* thereby possessing advantages over most of the preparations recommended for similar diseases.

For sale by respectable dealers and storekeepers generally,—and by J. S. Ingraham, Bangor; W. B. Morrell, Dexter; E. B. Pease, Lincoln.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,*

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE, from whatever cause they may have originated and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

and from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients and practitioners the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious, and unskillful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be, made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonsfulls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

Fluid Extract Buchu, $1 per bottle, or 6 for $5

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by H. T. HELMBOLD, *Practical and Analytical Chemist,* No. 263 Chesnut-st., near the Girard House, Philadelphia.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits

It has stood the test of more than seven years; and in offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR of PAIN and SUFFERING to those afflicted with any kind of Humor, and really one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

LAWRENCE, June 12, 1853.

We, the undersigned, citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. E. D. Unlike other remedies in the market, this preparation performs its office speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Salves, ect., ect.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us performing all it claims.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally. The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged; and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferers to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Bowdoinham, Maine.

FEBRUARY 17th, 1853.

To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

BRO. CLARKE—Every bottle of the Universal Cough Mixture which you left with me, is sold—and I have several applications for more. As far as heard from, all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, purchased one large bottle, and before he had taken one third of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be recommended too highly.

JESSE HAYES.

From Mr. Fletcher Chick, agent for North Dixmont, Maine.

DEAR SIR—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing, and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

FEBRUARY 1, 1854.

To Rev. Walter Clark. Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicine, and had been under the care of several physicians, without obtaining the least relief; happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to directions on the label, by which in a few days I was entirely cured.

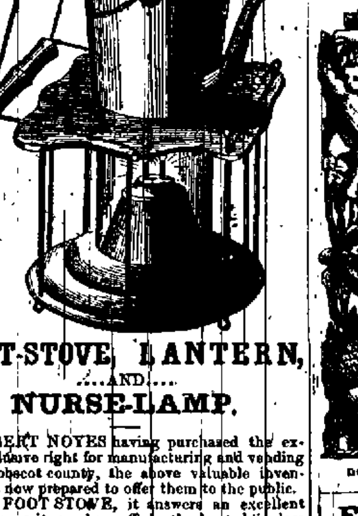
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN, ...AND.... NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR,* from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, suiting some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty; and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week.—There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

ROXBURY, Sept. 19, 1853.

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

INHALATION

—FOR THE—

Cure of Consumption

Dr. Ira Warren's New Remedy,

THE most astonishing cures of Lung Diseases have been effected by the use of Dr Warren's

Inhaling Balm.

A vaporized preparation, for inhaling, directly into the lungs, where the local disease is. The BALM is presented with the fullest confidence, that it is the best medicinal agent ever [illegible] for the cure of Consumption and Asthma. Many certificates of those who have been cured, or materially benefited by this medicine, may be seen in the hands of agents. It has accomplished the most wonderful cures in the city of Boston and vicinity, and is producing an impression on the minds of the lungs never before witnessed by the medical profession.

It has restored to health those upon whom disease had made rapid and fearful advances, and where other remedies had proved unavailing. Being *vaporized* and inhaled, it enters every air cell and every particle of the lungs. Its action is [illegible] and agreeable, while its salutary effects are truly wonderful. The *Vapor Inhaler* is made of tin and glass, and is admirably adapted to its purpose.

We invite the closest inspection and scrutiny of physicians, confident that our preparations will meet with universal approval.

Pulmonic Cherry Cordial,

Supports the stomach and improves digestion, and fulfils the end of a philosophical treatment of Consumption better than any other article. It is admirably calculated to relieve that constricted state of the chest which is so often met with in lung diseases, and is highly efficacious in relieving coughs of long standing. It is a safe remedy in any stage of Phthisis. Used in connection with the *Inhaling Balm,* the compound of Cod Liver Oil, as prepared from Dr. Warren's recipe, it will be found to have curative powers far superior to any other article before the public.

☞ *Price $5 a package.* Any person enclosing $5 to BURR & PERRY, No 1 Cornhill, Boston, will receive a package containing a bottle of Pulmonic Cherry Cordial, one of Inhaling Balm, and the Medicated Vapor Inhaler, in a neat box by Express, free to any part of the United States or British Provinces.

S. WARREN & AYER, proprietors. For sale wholesale and retail, by BURR & PERRY, General Agents, No. 1, Cornhill, Boston. G. F. Sargent & Co., Bangor, and for sale by all druggists.

Dr. Ira Warren's Compound of Pure Cod Liver Oil, Lime & Sugar of Milk.

The great value of Cod Liver Oil as a medicine in Consumption is now generally admitted. It corrects a bad assimilation, the primal fault in this disease, by imitating the growth of cells, the cell resulting, according to [illegible], to the union of a minute particle of oil with albumen, under the quickening force of vitality. The Phosphate of lime has been proved to promote the same great end, throughout both the vegetable and the animal world.

The **Sugar of Milk,** manufactured solely from the whey of Goat's milk, being a supporter of respiration in weak lungs, and having a powerful affinity for oxygen, greatly aids the system in Consumption, and when properly combined with them, makes an elegant preparation, imparting much of the offensive taste and smell of the oil and supplying a saccharine compound to the lungs, much like that elaborated [illegible].

In conducting a large special practice in Throat and Lung diseases, Dr. Warren directs especially to the fisheries for pure Oil. The [illegible] combination will be at once appreciated by the medical profession, and a trial of it will commend it to the people generally.
